FLYING CRIMINALS CREATE NEW WORRY FOR LAW OFFICIALS

Extensive Use of Aircraft Already Noted in Smuggling, Convention of Law Officers Told; Aliens, Liquor and Narcotics Dropped Over Border on Scheduled Flights; International Conference to Study Question Mooted.

The third dimension in international criminal operation—the flying criminal—was introduced as a class to the Northwest Association of Sheriffs and Police, in convention at the Empress Hotel to-day, in a most enlightening report by a special committee that investigated the subject under Roy C. Lyle, Federal Prohibition Director, Seattle, Wash.

The progress made by aviation had so far outstripped current law knowledge, said the report, that it came as a shock to learn that the international criminal is making use of aircraft in scheduled operation in his unlawful business. Narcotic drugs, liquor and aliens were being smuggled across both territorial borders of the United States in ever increasing activity.

Law enforcement officers could no longer afford to ignore the most dangerous weapon science ever put into the hands of those of criminal intent. With its terrific speed, freedom from pursuit, and unobtrusiveness of operation aircraft gave the criminal all the adjuncts of the automobile one thousand times more favorably to the conduct of his business.

REGISTRATION IN CANADA
Canada, said the report, had already done much to ensure the registration of aircraft, their pilots, and to record the business of such. Laws had been set up for the proper control of flying, with safeguards for abuse. On the other hand the United States had not yet made necessary the registration of aircraft or their operators, nor had laws been perfected to ensure any measure of control over the misuse of aircraft for criminal purposes.

The report hinted at the sensational possibilities open to the flying criminal who could land on water or fields and at the height of danger could climb up into the strata of frigid air above 20,000 feet where no flying pursuit could follow without oxygen masks.

AUTO DEALERS PREPARE FOR WILLOWS SHOW

Exhibit at Fall Fair Will be Confined to Passenger Cars
More Breeders to Show Foxes at Provincial Exhibition

At a meeting of automobile dealers held yesterday at the Chamber of Commerce assurance was given that virtually every dealer in the city will cooperate in the Automobile Show at the Provincial Exhibition at the Willows, August 17 to August 22. There was a representative attendance at the meeting and plans for the show were discussed in detail. The Automobile Building is to be completely renovated and decorated and a new lighting system installed which will flood the building with light so that the exhibits will show good advantage at any time. The show will be entirely confined to passenger cars.

FOXES
More fox farms will have exhibits at the Fair, the secretary, W. H. Mearns, was notified this morning. W. B. Morrison of the Puget Sound Fox Farm, one of the pioneers of the rapidly expanding industry on Vancouver Island, and Walter Hughes of the Sanctuary Woods Fox Farm at Elk Lake are exhibitors to show animals from their farms.

DIFFERING VIEWS OF BRITISH MINISTERS DELAY BALDWIN'S SPEECH ON CRUISER BUILDING

London, July 21.—An unexpected hitch seems to have developed regarding the British naval construction programme, Premier Baldwin conferred an hour with the King to-day. Later the Premier told the House of Commons he was unable to say when he could announce the naval programme.

For days past dispatches from London have indicated a strong difference of opinion among the members of the British Cabinet over the building of fast cruisers. One group was reported as adhering emphatically to the demand of the Sea Lords, headed by Admiral Earl Beatty, for the immediate laying down of three or four cruisers and another declaring for postponement of the cruiser building programme in the interests of economy.

JOHN T. SCOPES CONVICTED BY DAYTON JURY AND APPEAL STEPS IMMEDIATELY TAKEN

Tennessee Jurors Required Only Eight Minutes to Decide Law Against Teaching of Theory of Evolution in Public School Violated; Case Will Next Come Before World's Attention When it is Heard on Appeal in Supreme Court of State.

Dayton, Tenn., July 21.—A verdict of guilty was returned by the jury in the Tennessee evolution case here at 11:28 a.m. to-day and Judge John T. Raulston fixed the fine to be paid by John T. Scopes, teacher at \$100. An appeal is being prepared.

The case was given to the jurors at 11:20 a.m. and they required only eight minutes to bring in their verdict.

Scopes was summoned before the bar. Judge Raulston told him of his conviction by the jury and read a copy of the statute to him. The judge then stated the fine would be \$100.

"Have you anything to say, Mr. Scopes?" asked the Judge.

"Your Honor, I have been convicted of violating an unjust statute," replied Scopes. "Any action other than I have pursued would have been in violation of my idea of democratic freedom."

Arthur G. Hays, for the defence, made a formal motion for arrest of judgment.

Judge Raulston pointed out that the law of Tennessee permitted sixty days for perfecting an appeal. It was announced the appeal would be made to the Supreme Court of Tennessee, sitting in Knoxville. The court gave the defence thirty days in which to perfect the appeal and said an extension would be granted, if necessary.

BRYAN RULED OUT
The testimony of William Jennings Bryan, given yesterday, was expunged from the record of the case by Judge Raulston after court had opened this morning.

"I feel the testimony of Mr. Bryan can shed no light on any issue that will be pending before the higher courts," he said.

"The issue is whether Mr. Scopes taught that men descended from a lower order of animals. I feel Mr. Bryan's testimony cannot aid the higher courts," he repeated. "Therefore I am pleased to expunge this testimony from the records of this court."

APPEAL DESIRED
A short statement was made to the jury by Clarence Darrow, defence counsel, in which he said: "I don't see how you can find our client not guilty."

He had explained that the evidence upon which the defence had hoped to bring about the acquittal had been excluded by the court and it was the wish of the defence that verdict of guilty be returned to permit an appeal to the Supreme Court.

Scopes was to appear in court during the afternoon to file a bond of (Concluded on page 2)

Edinburgh, July 21.—An attempt to develop national educational programmes that will bring about international understanding and lead to permanent world peace is being made by educators from many countries who are delegates to the World Federation of Education Associations, which began sessions of its first biennial meeting here Monday.

Augustus O. Thomas of the United States, president of the Federation, delivered the opening address. He suggested a new constitution should be drawn up incorporating all the institutions represented at the meeting.

King George sent the conference the following message:
"I follow with interest and sympathy the great work of the Federation in fostering, through the medium of education, all that may conduce toward the peace and the happiness of the nations of the world."

PHILANTHROPIST ASKS SUGGESTIONS

New York, July 21.—Leopold Scheppe, 85-year-old philanthropist, to-day asked the public for suggestions toward the best way he could distribute his millions.

He recently established a foundation with a \$2,500,000 trust fund to assist deserving boys. In addition he has distributed some \$3,500,000 in individual donations, lump sum gifts and pensions.

Now he wants to accelerate the distribution of other millions, but desires to canvass the entire subject of public philanthropy with a view to determining the way which would afford the quickest and surest relief to those who need and merit help, and at the same time offer some permanent good to society.

As illustrating the type of suggestions he hopes to obtain, he said he considered some general scheme of assisting young women now equipped only for positions as clerks or as cash girls to become governesses.

Sitting in the office on Hudson Street where the headquarters of his ocean business have been located more than sixty years, Mr. Scheppe announced his intention to retire absolutely from commerce and to devote his time, attention and money to philanthropy.

NEW UNDERGROUND RAILWAY IN LONDON

London, July 21.—The London Daily Graphic says United States capitalists have just completed preliminary plans for giving London the biggest underground railway system in the history of transportation, involving an outlay of \$25,000,000.

A network of freight railways below the level of the present passenger-subway system is planned, the idea being to speed up surface traffic by transferring freight haulage from the streets to the new railway system. The scheme was designed by an English engineer.

If ever such a system is constructed, goods will be transferred from the ground level to the subway by great elevators, and the tracks will connect with the terminals of the surface railways.

The plan needs the sanction of Parliament.

Press Delegates Visited Winnipeg

Winnipeg, July 21.—Local publishers welcomed Viscount Burnham, London, Eng., president of the Imperial Press Conference and president of the Empire Press Union, who, along with many other members of the British press, passed through here last night en route to the British Columbia coast, from where they will sail to attend the third Imperial Press Conference, to be held in Melbourne, Australia. During their brief stay here they were entertained by the Winnipeg publishers, making an automobile tour of the city and attending a supper at the Royal Alexandra Hotel.

COMMUNISM SCORED BY ORANGE LEADER

Vancouver, July 21.—A strong attack on Communism was made by Lettius H. Reid of Toronto, grand master of the Grand Black Chapter, Most Worshipful Grand Lodge of British America Loyal Orange Order, in his opening address at the annual convention here yesterday.

He referred to Communism as "that blighting, baneful, blasting thing," and urged all members of the order should do their best to fight the propaganda spread by members of radical organizations.

Most of the address was devoted to Orange matters. The speaker reported that although there has been no great increase in numbers, he believed the Orange lodges throughout Canada were "holding their own." He also made a plea that members should live up to the broad underlying principles of the order.

Dealing with the suggestion that a new flag for Canada be designed, he said he felt the forming of a parliamentary committee to discuss the matter should be regarded with "the strongest disapproval."

Reports of the grand treasurer, grand registrar and grand auditor were given at yesterday afternoon's session. According to the grand registrar's report, nine new precursors were formed during the last year.

In the evening the combined Vancouver precursors staged a ceremonial, exemplifying the Red Cross degree.

PROSPECT OF LOSS COMPELLED RAISE IN WATER CHARGES

Reeve Macnicol of Saanich, Details Finances of Municipal Waterworks

In explanation of the recent increase in water charges by Saanich municipality, Reeve Robert Macnicol this morning made the following statement:

"In regard to the necessity for recent increases in water rates, the Saanich waterworks system is not paid for. It takes a considerable amount of revenue, each year, to pay debenture interest and sinking funds. In 1924 these items amounted to \$44,079.52. In addition, cost of maintenance, new connections and salaries had to be met. Our income is profit on water sold, new connection fees, and tap-on fees. In addition we had an income of \$18,933 from water-charge rates, which will this year be automatically reduced.

"The 1924 accounts proved that it was possible to sell water at \$1.50 per 3,000 gallons, eliminate meter rents and make accounts square, but this was done on a six cent rate per 1,000 gallons from the City of Victoria. Saanich cannot pay ten cents per 1,000 gallons and sell water at the old rate, without incurring a heavy deficit, especially if this had to be done in the heaviest four months of the year, so far as water consumption is concerned.

"In June 1924 Saanich paid Victoria for 27,000,000 gallons of water. During June in this year consumption reached the high total of 50,000,000 gallons. As the larger part of this was undoubtedly used for irrigation, it will be realized that the council in order to protect the water consumers as a whole, had to increase the price by five cents per 1,000 gallons. This new price came into force towards the latter end of last week, and, if at a later date it is shown that the five cents per 1,000 gallons brings in a larger sum than is required to pay the increased price to the City of Victoria, then the water consumers will receive a proportionate rebate. It should be remembered that the new rate from Victoria became effective on June 1, 1925, and that Saanich must pay on the new basis from that date.

"In increasing the rate now, to cover any possible deficit, the council have omitted the possibility of having to put on a much larger increase during the winter months. Had we hesitated in increasing the rate during the heavy season, the deficit would have had to be made up in the winter months by the small consumers, and the increase would, then, have been much more than five cents per 1,000 gallons.

"It is our duty at all times to give the water consumers large and small, the best possible rate, but it is also our duty to make certain that, as far as possible, no deficit is permitted to accrue during our term of office. At the present moment it would not be proper to discuss the water-

works further, but we are in hopes that it will not be necessary to continue the increased charge for a very long period of time."

COUNCIL MOVES TO GET LEGISLATION DENIED LAST YEAR

Will Seek Inclusion in Municipal Act of New Clauses

The City Council last night approved a long array of recommendations from the legislative committee for submission to the Union of B.C. Municipalities. The Union will be asked to advocate inclusion in the Municipal Act of a number of the provisions of the unsuccessful private bill last year presented to the Legislature by Victoria City. Among these will be a clause debarbing an alderman or councillor from running for mayor or reeve unless his term of office is expiring, and to prevent any candidate from running for two offices on a council at the same time.

To strengthen the weakness recently discovered in the powers of municipalities to control building operations, the Victoria Council will submit an amendment to the Municipal Act widening the authority of councils over new construction and alterations.

A further clause will seek authority to place fixed assessments, for not more than fifteen years, upon any property approved by a two-thirds vote of the council.

The council will ask the Union to favor an amendment to the Hospitals Act setting forth more clearly a definition of "indigency" and will also advocate the taxation of church property on the same terms as private property.

BIG PAGEANT WILL BE HELD AT SEATTLE

Gigantic Stage Nears Completion For Presentation of "The Wayfarer" July 27

A gigantic stage is now nearing completion for presentation of "The Wayfarer," the great civic and religious pageant that will be produced in the University of Washington stadium each evening, July 27 to August 1.

This enormous structure measures 220 feet across the front including the entrance gates on either side. The stage proper covers an area 164 by 108 feet. From the ground to the highest point it is 75 feet, and the great proscenium arch is 92 feet wide and 42 feet high. The trusses that also carry the gallery for the battery of spotlights have a span of 100 feet.

An apron, or platform, in front of the curtain line is 10 feet wide with ramps leading to it from each side. In front of this is the platform in a series of wide steps on which the chorus will be seated. By the method of seating the sound from the rear rows of singers is not obstructed by those in front. Between the two sections of the chorus platform is the orchestra band's location.

The entire front of the stage will be decorated in classic design and screens of green shrubbery will extend each side to the top row of seats in the stadium. The cost of this gigantic structure is \$12,000. This figure does not include the elaborate lighting equipment, the great scenery sets nor the costumes, nor does it include the cost of the mammoth tents erected behind the stage for dressing rooms and executive offices for those in charge of the actual producing of the pageant-drama.

Digby, N.S., July 21.—Attacked by a dog from which she was attempting to take a bone, Eleanor Heustia, aged four, of Maiden, Mass., had her face chewed almost beyond recognition at Smith's Cove, near here, last Saturday. She was rushed to a hospital in precarious condition where the wounds were closed with twenty-one stitches.

Word from the hospital this morning stated the child would recover.

EARTHQUAKE INSURANCE IN TERMINAL CITY

Vancouver, July 21.—Earthquake insurance is being written in Vancouver. As a sequel to the series of earthquakes in various parts of the continent quite a number of applications for insurance of this nature has been received and almost all the insurance firms are now quoting a rate.

The figure for Vancouver, forty cents a thousand, is one of the lowest in the world, due to the freedom Vancouver has enjoyed from such disturbances since the earliest settlement of white men.

Mount Forest, Ont.—"Before I took Lydia E. Pinkham's Vegetable Compound I felt weak and miserable, and had pains all through me. I was living in Ailsa Craig at the time, and one day a friend came in and told me her experience of using the Vegetable Compound and advised me to take a bottle which I finally did. I began to get stronger and those pains left me. I am glad I found out about this medicine as I then there is none equal to it for women who have troubles of this kind. I cannot praise the Vegetable Compound too highly for the good it has done me. Whenever I know of a woman suffering I am glad to tell her of it."—Mrs. W. K. R. No. 1, Mount Forest, Ontario.

Women throughout the Dominion are finding health in Lydia E. Pinkham's Vegetable Compound.

No harmful drugs are used in its preparation—just roots and herbs—and it can be taken in safety even by a nursing mother. For sale by all druggists.

Customary Celebrations in Bombay Yesterday For Indian Dancing Girl

London, July 21.—A dispatch to The London Daily Express from Bombay says Mumtaz Begum, former dancing girl and favorite of the Maharajah of Indore, gave birth to a daughter yesterday.

Mumtaz Begum gained much notoriety last May during the trial by the Bombay high court of nine persons accused of murdering Abdul Kadir Bantia, a Bombay merchant who had befriended Mumtaz after she had fled from the palace of the Maharajah and taken up her residence in the home of the merchant.

DEATH ENDS TRAGIC CAREER OF WOMAN

Mrs. Shields, Widow of Vancouver Lumberman, Succumbs to Ptomaine

Vancouver, July 21.—Death from ptomaine poisoning at Oakland, Cal., of Mrs. Ida Jane Shields has ended a career which commenced most auspiciously by her marriage to James Shields, a lumberman and university graduate, and closed with tragedy.

Her husband was found dead from a gunshot wound here June 19, 1924, and his investment of \$100,000 in the business was heavily encumbered, with liabilities totaling \$500,000.

Since the passing of her daughter, the only child of the marriage, while traveling in Europe with Mrs. Shields, the husband became changed, and discord and unhappiness clouded the Shields' household.

The wife obtained a decree of judicial separation of five months later the husband died.

He had revoked a will in Mrs. Shields' favor and bequeathed his property to distant relatives, thus leaving her penniless.

Mrs. Shields instituted action in Supreme Court here to set aside the will, and this was done by Mr. Justice D. A. McDonald on the ground that the testator was insane when he executed the will.

The Court of Appeal reversed the judgment of the trial judge, thus upholding the will.

Mrs. Shields subsequently announced that she would abide by this decision.

A pretty wedding of interest to Victorians took place on July 4 at Beverly Hills, California, when Judge Kavanaugh performed the ceremony which made Daisy Adeline, eldest daughter of the late William Cullin Bryant, of Victoria, the bride of Mrs. John Roster of Beverly Hills. The bride made a dainty picture in a charming model of maize flat crepe de Chine, and was attended by her sister, Mrs. Edward Roster, while the groom was supported by his brother. Following the ceremony a wedding breakfast was served at the judge's residence, after which Mr. and Mrs. Roster left for San Diego, where the honeymoon was spent. On their return they will take up their residence at the "Windermere," Beverly Hills.

Mr. Roster is identified with an important surveying enterprise in Beverly Hills. Mrs. Roster, who is a native daughter of Victoria, was a popular member of the Provincial Education Department.

A pretty wedding was solemnized in Holy Trinity church, Winnipeg on Wednesday, July 15, at 7 o'clock, Archbishop Matheson officiating, when Dorothy Beatrice Collington, daughter of Mrs. R. Collington, was united in matrimony to Arthur Edward Sherwood, son of Mr. E. G. Sherwood, Victoria, B.C. The bride, who was given in marriage by her father, carried a shower bouquet of sunset roses and orange blossoms. Both bride and bridegroom were unattended. The service was fully choral, the bride having previously been a member of the choir. The bride's mother looked charming in a gown of black Canton and georgette and model hat of black moire cloth with an opesque.

After an informal reception at the home of the bride's mother, the happy couple left for a trip to Detroit Lakes, and upon their return will reside in Winnipeg.

CUSTOMS PATROL BOAT MAKES DOUBLE HAUL AT BENTINCK ISLAND

Canadian Fishing Craft Released After Investigation; Master of American Boat Says His Engine Broke Down and He Sought Aid; Crew Held by Immigration Officials Pending Decision in Case.

Details of the seizure made by the customs patrol boat Evelyn of the William Head Quarantine station were given out to-day. Passing Bentinck Island on patrol the Evelyn sighted two craft lying abreast and went to investigate.

Some fifty cases of liquor, it is asserted, were found on the Jack M-996, said to be a Seattle craft. Alongside the Jack M-996 was the Nellie B, a Victoria boat. Both craft are of the fishing type and carried fishing gear ready rigged as if they had just returned from the banks.

The owners of the Seattle craft say that she developed trouble and that the Canadian boat had gone to her assistance. The Jack M-996 is held pending a decision on her case. The Nellie B was released upon payment of a small fine.

The crew of both vessels were interrogated by the customs officials here and the American men handed over to the immigration authorities pending a decision in their case.

With one captured craft on either side of her the Evelyn put into port yesterday morning, after lying at the Quarantine Station overnight. As heretofore neither of the two craft were spotted by the Evelyn, the B.C. run chasing fleet of super-speed boats may not be looked for as a result of the present seizure.

PROTEST ORDER SENDING SHIPS TO MAINLAND PORT

Regulations Covering Fumigation Can be Carried Out Here Shipping Men Point Out; Minister of Public Works Informed of Situation.

On the grounds that there are ample facilities in Victoria for the purpose, shipping men in Victoria will join in a request to Ottawa that Government regulations regarding fodder packed shipments from Japan be carried out at this port as well as in Vancouver. At present the vessels are forced to go to Vancouver for fumigation of that part of the ship affected and for the burning of the fodder in which the goods were packed. Shipping men conferred with C. P. W. Schwengers, president of the Victoria Chamber of Commerce, and B. C. Nicholas, vice-president, this morning. As a result a wire was sent to the Hon. J. H. King, Federal Minister of Public Works, pointing out that there were the same facilities at Victoria as at Vancouver, and he was asked to take the matter up with the Department of Marine and Fisheries.

The destruction of the fodder and the fumigation of that part of the ship in which the goods were carried is ordered as a precautionary measure against pleuro pneumonia among livestock. Animals from Japan have been attacked by the disease, and as a result the destruction of fodder on arrival at a Canadian port has been ordered, and a ban has been placed on importation of a Canada of livestock or meat from Japan.

CREW LOST WHEN POLISH CRAFT SANK

Torpedo Boat Kaszub Blew up When Steaming Across the Harbor of Danzig

Was There For Repairs; no Statement Yet as to Cause of Explosion

Warsaw, July 21.—The Polish torpedo boat Kaszub blew up and sank in the harbor of Danzig yesterday. The entire crew was lost.

The Kaszub had just arrived in the harbor for repairs and was proceeding under her own steam when the explosion took place. No explanation is available as yet as to the cause.

BIG FIRE LOSS IN REVELSTOKE REGION

Men and Horses Sent to Fight Flames Destroying Much Timber

Revelstoke, July 21.—Forest fires continue to do a large scale. In the Big Bend country at least three fires are destroying many valuable timber limits and men have been sent from here to fight the flames. All road gangs have been pressed into service.

ROSALE MAHONY TO BE OPERATED IN B.C. TRADE

An agency dispatch from Berlin Monday reported three men had been killed and fifteen injured when a Polish torpedo boat exploded in Danzig Harbor. The dispatch said the explosion was due to spontaneous combustion of oil.

250 MEN FIGHT FIRE

Everett, Wash., July 21.—Two hundred and fifty men pushed from the Skagit County mill at Lyman to Conkdale Mountain, nine miles east of Sedro Woolley, are fighting a forest fire that has entered the company's standing timber. The blaze, burning on a four-mile front, has destroyed a large amount of down timber, a donkey engine and several bridges.

FIRES IN IDAHO

Spokane, July 21.—Forest fires in Northern Idaho and Northeastern Washington were continuing to spread to-day in valuable timber, after having destroyed two lumber camps within the last twenty-four hours.

EGREMONT CASTLE STRIKES HARD ON REEF IN SULA SEA

Ss. West Cohas is Floated From Sable Island

Manila, July 21.—The British steamship Egremont Castle is aground on Puhattaba Reef in the Sula Sea and is leaking badly. The vessel grounded because the reef light was not burning. Salvage tugs have been dispatched to her assistance but it is feared she will be a total wreck. The ship has a cargo of sugar and was bound for New York.

Halifax, July 21.—The United States Shipping Board steamer West Cohas, which stranded on Sable Island Sunday afternoon, was pulled off this morning by the steamer Winona City. The two steamers are reported as anchored a short distance offshore and the West Cohas was apparently undamaged.

Saanich Merchants Will Hold Outing

The Saanich Merchants Association will hold their first annual basket picnic to-morrow afternoon at the grounds of the Elk Lake Athletic Association, on the northern waterfront of Elk Lake. A strong programme of sports has been organized, with a fine array of prizes, mostly donated by the wholesale firms of the city. The programme will be commenced sharp at 2.30 o'clock. All retail merchants and business men of Saanich are invited to attend the picnic with their families.

HANNA NIELSON DUE

Wireless reports for the past three days have cited the Hanna Nielson as a few hundred miles south of Cape Flattery, inbound for Victoria, where she is said to carry nearly 1,000,000 feet of lumber at the C.P.S. mills in the Upper Harbor. Latest advice to King Bros. her agents, to-day state the vessel will make port at 7 o'clock this evening, it is expected. So stationary has been the craft for the past few days that it gave rise to the suggestion that she might have engine trouble. This is discounted, however, by her local agents, who point out that she may have met fog or been delayed from some other cause.

RACE BY TUGS WITH LOG RAFTS IS COMPLETED

Sea Ranger Defeated Sea Lion by 12 Hours Between Astoria and San Diego

San Diego, July 21.—Ending what shipping men assert was the most novel maritime race ever staged in the Pacific, the Red Stack tug Sea Ranger, Captain Goureaux, towing a 900-foot log raft, came into port from Astoria at 6.30 o'clock last evening, defeating the tug Sea Lion with a second log raft in tow, by approximately twelve hours. The Sea Lion will come into the harbor soon after daybreak to-day. Tempestuous seas off the Mendocino coast prevented the Sea Lion, first to clear Astoria Roads, from winning the towing race of more than 1,400 miles. When off Point Reyes the towing hawser snapped and for nearly four hours the Sea Lion manoeuvred to get another line aboard. In the meantime the Sea Ranger, farther offshore, pulled ahead and retained the lead the rest of the voyage down the California coast. The log rafts arriving last night and to-day contain a total of 10,000,000 feet of lumber. They are carrying decks of 200,000 lineal feet of cedar. Both the Sea Lion and the Sea Ranger will leave for Astoria tomorrow where early next week they will start another log raft race to San Diego.

NEWS IN BRIEF

The McBride Conservative Club will meet in Harmony Hall, Fort Street, at 8 o'clock to-night to transact important business.

The regular meeting of the Milton Lodge No. 311, Sons of St. George, will be held to-night. General business and initiations will be the programme.

The City Temple picnic will not be held on Wednesday as on Saturday last, but will take place at the Willows Beach on Wednesday, July 22. The Moose band will be in attendance.

The Fire Insurance Agents Association will hold its fifth annual meeting on Thursday at the Colwood Golf clubhouses. Automobiles will leave the Sayward Building at 5:30 p.m. and dinner will be served at 7 o'clock.

Hopeful that all business licenses will be reduced next year, the City Council finance committee has notified the organized barbers of the city that, at the present time, no reduction in levies on the tonorial artists can be considered.

No-power to prohibit carrying of foreign flags, in parades in the city, rests with the City Council, that body was last night informed by its legislative committee. A request had been received by the council, from the Municipal Chapter, L.O.E., for prohibition of such flag carrying, unless a Union Jack of equal size accompanies the foreign ensign.

The fortnightly luncheon of the Real Estate Board at the Chamber of Commerce to-morrow will be of more than ordinary importance to the realtors, ratification of the agreement with the defunct Real Estate Exchange Limited, being on the order paper. This agreement will transfer to the board property valued at about \$1,000.

The City Council last night accepted a recommendation from the legislative committee opposing any restrictions being placed on the use of cloth signs by merchants in front of their premises. Alderman Marchant remarked, "The Chamber of Commerce has asked for this," and expressed surprise at the unanimous refusal of the requested prohibition.

Thirty-two white vegetable peddlers, newly set up in business under the auspices of Oriental Exclusion League, will greatly suffer if required to pay the customary half-yearly fee of \$30 required from peddlers. Secretary Harry Langley last night notified the City Council. The matter was referred to the finance committee for report.

Should the City Council be asked for water or taxation concession by parties contemplating erection of an elevator at Ogden Point docks, the necessity of employment of local workmen will be advanced. The Army and Navy Veterans appealed to the council for such action, and will be informed that, up to the present, no application for civic concessions has been received by the city.

Another industry recently started in Victoria is the making of Swiss cheese by the Steadfast Bible Students, who are located at Sooke. The cheese is being made at the newly erected dairy at Bible Students' camp by members who have had thirty-five years' experience in the industry. The present output is eighty pounds a day. It will be put up and sold at local stores.

The fourth annual picnic on by the Merchants of Esquimalt will take place on Wednesday July 22 at Rosebank. The municipality will be closed all day. Tickets are on sale at all stores. Residents of Esquimalt who have not obtained their tickets from the merchants will have an opportunity of getting them at Day's wharf, where launches leave at intervals commencing at 10 a.m.

Believing that a gasoline station adjacent to Quadra Street School would not be advantageous to the city, the City Council last night struck a special committee to inquire into possibility of stopping completion of a station now under construction. The lot was sold by the city on the understanding that a gas station would be erected thereon, a building permit was issued, but the owner of the adjacent residence has objected.

At a meeting of the Oak Bay School Board held last night A. V. Parsons of Nakusp, B.C., was appointed to the Oak Bay High School staff. He is an Oxford M.A., and comes highly recommended by Dean Coleman of the University of British Columbia. Blair Dickson of Oak Bay was appointed to the staff of the Willows School. The board reported satisfactory progress being made with the construction of the new rooms at the High School.

VICTORIA PLAYER WINS AT SEATTLE

Clint Defeated Nordstrom of Seattle in Northwest Tennis Tournament

Seattle, July 21.—This morning's results in the Northwest tennis championships being played at Seattle were as follows:

BOYS' SECTIONAL, SEMI-FINALS
 A. S. Clist of Victoria, defeated L. Nordstrom, Seattle, 1-6, 8-6, 6-4.

MEN'S SECTIONAL, THIRD ROUND
 K. L. Beta, Montesano, defeated H. Swett, Portland, 6-1, 6-2, 6-4.

B.C. Cricket Team Having Hard Time With Saskatchewan

Vancouver, July 21.—In their second match against Ridley College, the Vancouver cricket team went to bat this morning and at the lunch recess had scored 169 runs for four wickets. Gilles not out 24 and Hooper not out 24.

Peterboro, Ont., July 21.—Drawn into a car by the wind yesterday, a bee caused the death of the three-months-old baby of Mrs. Ethel Chapman of Chilliwack, B.C. Mrs. Chapman was motoring to Belleville with George Stevens of Peterboro, and was nursing the baby at her breast. The bee stung her breast and the baby lost consciousness, took convulsions and despite efforts to save its life with the hypodermic and pulmotor, died within an hour. Dr. Cronk of Belleville attributes the cause of death to the shock of the bee sting transmitted from mother to child.

Vancouver Cricket Team Batting Well Against Easterners

Regina, July 21.—In the inter-provincial cricket tournament here today at lunch time Alberta had scored 144 for four wickets against Manitoba, and the British Columbia side had lost five wickets for ninety runs against Saskatchewan.

O.B.S. Annual Picnic—The first annual picnic of the O.B.S. Chapter O.E.S. was held on Saturday afternoon at the Summer home of Mr. and Mrs. Evan Bennett, Langford. An excellent time was spent by the many members and their friends. A splendid programme of sports and swimming events was held and the festivities continued late into the evening. Presentations Made.—The ladies of Court Triumph, A.O.F., held a successful meeting Friday night, much business being dealt with. Plans were made for holding a garden party August 5, at the "Groves," Bank Street. Sister Curtis, the retiring treasurer, was presented with a gift of cash and a bouquet as a token of the esteem held by the court for her ten years of faithful service, also a "Foresters' pin and bouquet" was presented to the organist, Sister Townsend, for her generous supply of music at all times. Her sisters replied in happy vein.

OBITUARY

The funeral of the late Barnett Aaronson, who passed away at St. Joseph's Hospital last Sunday, will take place to-morrow afternoon at 2:30 o'clock from the Sands Funeral Chapel and the remains will be laid to rest at the Jewish Cemetery.

The death took place this morning in Spanish of Duncan Clark, age thirty-eight years. He was born in Bruce, King County, Ontario and had been a resident of this city for many years. The remains are resting at the Sands Funeral Establishment and the funeral will be announced later.

The funeral of the late Mrs. Annie Upward, who passed away at the Royal Jubilee Hospital last Thursday, took place yesterday afternoon at 2 o'clock from the Sands Funeral Chapel. Relatives and a large gathering of friends were in attendance and the funeral tributes were many and beautiful. Rev. F. A. P. Chadwick officiated and the hymns sung were "Jesus, Lover of My Soul" and "Abide With Me." The following acted as pallbearers: Messrs. F. O. O'Connell, J. M. Wood, S. S. Ready and F. W. Bird. The remains were laid to rest in the family plot at Ross Bay Cemetery.

ARMY PURSUIT PLANES LAND AT CHEYENNE, WYO.

Cheyenne, Wyo., July 21.—Six army pursuit planes en route from Mount Clemens, Mich., to San Francisco, landed on the air field here at 1:32 o'clock this afternoon. The Curtiss bomber accompanying the squadron, was not then in sight.

JAPAN-ARGENTINE STEAMSHIP LINE PLANS COMPLETED

New Service Links Ports on Pacific Coast

Seattle, July 21.—Dr. Aergio Garcia Uriburu, Minister of the Republic of Argentina to Japan, announced here to-day the plans had been completed for a new steamship service linking Japan with Argentina, Brazil, Uruguay and ports on the Pacific coast. The service is to be started by the Osaka Shosen Kaisha Line December 3. Uriburu arrived in Seattle yesterday from the Far East on the steamer Arica Maru.

Ships in the new service will go from Japan around the Cape of Good Hope and across the South Atlantic Ocean to Montevideo and Uruguay, thence to Buenos Ayres and Rio de Janeiro, returning to Japan via the Panama Canal and San Pedro, thus encircling the globe.

Conference to be Held on Choice of Design

Capetown, S.A., July 21 (Canadian Press Cable via Reuter's)—In the Union Assembly to-day, Dr. Daniel P. Malan, minister of interior, moved for the discharge of the South African nationality and flag bill, intimating that though the Government was deeply convinced as ever of the need for legislation for a South African national flag, it was deemed of the utmost importance that before the principle of a flag design, every possible step should be taken to secure the greatest possible unanimity in regard to the procedure to be followed and the choice of a design.

Premier James Hertzog, therefore, approached General Jan Christian Smuts, former premier, who accepted the principle of a South African national flag and expressed his willingness to co-operate with the government in obtaining a unanimous and non-partisan decision in the matter. Minister Malan then said he hoped to be able to reintroduce the bill next session as the united choice of all sections of the Union.

INSECT MILLIONS SWEEP FARM AND CLEAR OF GROWTH

Armies of Grasshoppers March Across B.C. Interior, Leaving Barren Fields

Government Votes Money For War on Pest; Tons of Poison Bait Used

Vast armies of grasshoppers are marching across hundreds of square miles in some parts of the Interior of British Columbia, leaving behind them fields cleared of their crops and trees stripped of all their foliage, according to reports received by the Department of Agriculture here. To cope with the present alarming insect plague the Government has passed a special Order-in-Council authorizing the expenditure of \$15,000 on insect poison for use by the farmers of the stricken districts, it was announced to-day.

DEVOURING VEGETATION
 The Nicola Valley, the Okanagan Valley and the Peace River country are suffering most from the hoppers' inroads. Before they reached the winged stage the hoppers were slaughtered in myriads by poison strewn on the edge of ditches directly in their path. After eating the poison the insects fell into the trenches dead and were then burned. Now, however, they have grown wings and are advancing across the country at some points at a high speed, destroying all vegetation that lies in their way. To cope with them now it is necessary to spray fruit trees and crops as they fly over ditches and are not halted by ground poison.

WEATHER HELPS HOPPERS
 Satisfactory progress is being made in the fight against the hoppers, according to agricultural officials. The farmers in stricken areas are uniting in their efforts to handle the pest systematically. The Government pays the cost of poison and the land owners distribute it at strategic points.

The hot dry weather of this Summer has been ideal for the growth of grasshoppers. Without cold to check their growth the insect hordes have developed at a remarkable rate because of the small mortality among them.

PAYROLL BANDITS REMAIN IN JAIL

Mr. Justice Murphy Refuses Discharge Application

Vancouver, July 21.—Until the Supreme Court of Canada grants C. C. Thompson and Frank de Paula leave to appeal from the British Columbia Court of Appeal convictions and sentences of fourteen and twelve years' imprisonment respectively for their share in the Vancouver City payroll and the Capital Theatre robberies, Mr. Justice Murphy will not recognize the appeal. His lordship, therefore, to-day refused the application on the prisoner's behalf by Mr. W. C. Ross for their discharge from New Westminster penitentiary and removal to Oakalla Jail, which was based on the contention that an appeal is pending by Thompson and de Paula to the Supreme Court of Canada.

An adjournment for two weeks was ordered by Mr. Justice Murphy of the application to enable Mr. Ross to have the matter heard by the Ottawa tribunal.

DANISH FREIGHTER ASHORE AT CHATHAM

Chatham, Mass., July 21.—The Danish freighter Anna Jensen, Windsor, N.S., for New York, went ashore early to-day on Chatham Bar. The co-guard cutter Ottawa responded to the vessel's radio call for assistance. The vessel was reported in no danger.

CONFERENCE STRIVES TO END LONG STRIKE

Sydney, N.S., July 21.—Conferences got under way here this morning between Premier E. N. Rhodes, and Colonel Gordon Harrington, Minister of Mines and representative of the British Empire Steel Corporation and the Nova Scotia miners in an effort to bring to an end the four and a half months' old strike in the mines of the province.

BANKER SHOOTS SELF

BOY CYCLIST KILLED
 Niagara Falls, Ont., July 21.—Stephen Lakots, Bridgeburg, Ont., was killed last night when he was thrown from a bicycle while trying to avoid hitting an automobile.

SAFE CRACKED
 Larwill, Ind., July 21.—The safe of the Larwill State Bank was blown open by robbers to-day who escaped with more than \$10,000 in cash and securities. Five explosions wrecked the front of the bank building.

Foreign Secretary, relying in the House yesterday to a question with regard to the Western European security pact, said no negotiations were proceeding with the Dominions thereon, but the Governments of the Dominions were being kept fully informed of everything in connection with the negotiation.

Asked whether the security pact would be signed before the Dominions expressed their approval or their views thereon, Mr. Chamberlain stated he could not say anything with regard to that matter, but the British Government would not pretend to commit the Dominions without the consent of their Governments and, if they thought fit, of their Parliaments.

ATHLETES GATHER FOR BIG SPORTS DAY

Track and Field Stars of N.W. To Compete To-morrow

Fastest Runners, Best Bikeriders, Highland Dancers and Jumpers Here

Greats Sports Programme in History of This City Set For Willows

Big, strong men, bulging with muscles, will toy with fifty-pound shots with the ease of a schoolboy tossing a tennis ball, smaller men, with shapely limbs, will literally fly over the ground in sprints and maidens and matrons, fit and fair, will dance and run at the annual police sports which will be held at the Willows oval to-morrow afternoon.

It is going to be the greatest sports day in the history of the city. The past has seen many track and field meets that stir up recollections of hairline finishes, thrilling duels and record-breaking times, but to-morrow will see an assembly of talent which will shade the finest that past years can reveal.

Athletes from Vancouver, Seattle, Portland, Tacoma and many other outside points are assembling here to-day. And while the "bobbies" will have a number of "closed" events for their own joy the majority of the forty odd events are open to the world.

Five ex-Olympic contestants will compete, including Con Walsh of Seattle and Archie McDiarmid of Vancouver.

Owing to the fact that the annual convention of the Northwest Association of Police and Sheriffs is now in session in Victoria added lustre is being given the sports carnival. The delegates will all take the afternoon off and assemble at the Willows to watch the athletes perform.

It will be a great day for spectators. The men who protect the life and property of the citizens of the Northwest will be at play and "bobbies" when at play, are like sailors, always full of fun and out to make all the sport they can. As a result the police sports are always popular, and attract huge crowds. To-morrow will undoubtedly see the Willows grandstand and bleachers crammed to their capacity.

SEE THE BIG MEN

In addition to seeing some of the finest competitors spectators will get a chance to size up some of the biggest men, physically, in this part of the country. Some of the police officers assembled here are huge, straight, upstanding, who add majesty to the laws which they enforce, and as to variety at the sports there will be plenty. In the Highland dancing there are sixty entries, so the folks from Sooke will be able to have a pleasant afternoon.

The Seattle Police Band will be armed with their "weapons," and be "on duty" all afternoon. That will be a guarantee of a musical end of the day will be well looked after.

WATCH 'EM PULL

The tug-of-war will be one of the features of the programme. Great rivalry exists between the Seattle, Vancouver and Victoria forces, and there will be some pulling to-morrow. The teams are composed of the biggest men that sport the uniform, and they are in good shape to hang on to the rope until it breaks. Precautions are being taken to have extra heavy ropes available.

THE PROGRAMME

The programme of events will be as follows: Revolver shooting at police headquarters, commencing 9 a.m. Highest score Vancouver Island. Highest score British Columbia. Highest score right or left hand. Contest for police teams.

FIELD AND TRACK EVENTS

Great Girls' Game Expected To-night At High Gymnasium

Edmonton Grads Will Meet Pick of Victoria; Locals Out For Revenge

Victoria girl basketballers are going out to-night to redeem themselves for the reverse they suffered at the hands of the Edmonton Grads several months ago. The Grads won from the pick of the Capital at the Armories, but the slippery floor and a certain degree of nervousness upset the charges under Bob Whyte.

On the fine floor at the High School the Victoria girls expect to do much better. They will have a good playing surface and are more familiar with the baskets. The accommodation for spectators will also be better. Interest in the game is very keen. The Grads are a big attraction wherever they go and the halls are always packed to capacity. Victoria turned out in large numbers at the last game and they will no doubt do the same to-night.

THE LOCAL TEAM

Bob Whyte has been coaching the local girls and he has the following available for the game: Kathie Hobbs, Isobel Crawford, Florrie Gates, Mona McMurich, Rosie Robertson, Dorothy Melville, Midge Brackridge, and Kathy Salvin. Connie Smith, who ranks as one of the greatest girl athletes in the world, will play centre for the Grads, and she will have the Johnson sisters, Dot and Daisy, to feed on the forward line. Mary Dunn, the slickest little guard in captivity, will be on the defending line with Elsie Bennis. The preliminary game will start at 7:30 o'clock and the girls will get in to action at 8:15. "Buck" Yeo, of Vancouver, will referee.

Nanaimo Held To Draw by Winnipeg In Wet Weather

Winnipeg, July 21.—Whether United Weston or Nanaimo, finalist in 1924 and 1923, respectively, will have the honor of playing in the Connaught Cup final this year, still remains an uncertainty. In a typical cup tie struggle, the teams battled to a scoreless draw in the first of a two-game series here this evening. The final game of the series will be played here on Wednesday evening. A shower of rain before and during the match kept the crowd down, estimated at 2,000. Considering the conditions under which the teams played, the game was without question the best of the season.

Y.M.C.A. Team Will Meet Garrison Nine In Indoor League

Everything is prepared for the big indoor ball game this evening between the Y.M.C.A. and the Garrison at Work Point. The game will be called at 8:30 o'clock and one of the best games of the season is looked for.

The Y.M.C.A. who are leading the league with five wins and no losses, have had a two weeks' rest and most of the indoor followers feel they will have a hard task in taking toll of the fast stepping Tommies. The Garrison hit their old stride once again last week when they trounced the Hillcristes by a 15-9 score.

Stan Moore will do the pitching for the "Y" while Major Cobbett will be on the mound for the Garrison.

Three-mile bicycle race—Open. Relay race for newboys under 16 years. Pole vaulting. Committee race.

Ridley Cricketers Play Victoria Team All Day To-morrow

First Eastern Eleven to Visit West Here For Match Which Should be Keen

Young Players Are Good and Expect to Push Locals; Won in Vancouver

Ridley College holds the honor of sending the first cricket team on a tour of Western Canada. The students are now at the turning point of their tour and after an all-day match to-morrow with Victoria they will start homeward. Bishop Ridley College is situated at St. Catharines, Ontario.

Ridley College has sent a smart team of young players, and to-morrow they will be opposed by a good eleven of local cricketers. The Victoria team will not be the pick of the city, but will be a fairly stout side. The match will start at 9 o'clock and continue until about 6:30 in the evening. The venue of the match will be the University grounds at Mt. Tolmie. Arrangements have been made to serve both luncheon and afternoon tea at the grounds, and the new swimming tank at the University School will be available to the players.

A SMART PARTY

Ridley College defeated Vancouver yesterday and was very successful in its matches on the prairies. Although most of the players are in their teens they have reached a high state of efficiency, both as batsmen and bowlers. Those in the party which will visit Victoria are E. G. Powell, honorary secretary; C. Robinson, scorer; W. A. Tucker, H. A. Griffiths, headmaster; J. A. McAvity, E. R. Davey and C. Coburn, instructor; G. B. McCormack, M. H. Snyder, H. H. Soanes, captain; R. H. Innes, E. K. Grobba, W. J. Hearn, W. G. Bell and S. R. Granger.

J. H. Gillespie will captain the Victoria team. Other members of the side are as follows: Alexia Martin, Col. Goodday, H. A. Tomalin, R. H. Tye, Eden Quantin, Eric Quantin, J. Bryden, E. D. Freeman, J. Parson, C. Breedin, with H. Edwards and D. Fletcher as reserves.

FIRST EASTERN TEAM

The match should prove extremely attractive and officials of the Victoria and District Cricket Association are looking for a big crowd. It will be the first time that Victorians have had a chance to see an Eastern cricket eleven in action here.

Vancouver, July 21.—The touring Bishop Ridley College cricket team of St. Catharines won their first match on the Pacific Coast here yesterday when they defeated a representative Victoria eleven by 135 runs. The collegians, batting first, piled up 324 runs for seven wickets, when they declared. Vancouver, taking the bat, were dismissed for 186 runs. McCormack of Ridley was top scorer with 100.

The college won the toss and batted first, Bell and Grainger facing the bowling of Mackenzie and Crack. Runs came thickly and at the end of the first hour 100 had been compiled. Soanes and Snyder, who had followed Bell and Grainger, wielded the willow in effective style. The bowlers were changed, but still the runs came.

The superb batting of Snyder drew considerable applause from the spectators. His drive to square leg for six was a beauty. Following Snyder's dismissal by a low ball, McCormack came to bat, and with Grobba partnering him, the score rose steadily. The visitors seemed quite at ease in the batting, and they did not hesitate to hit out. At lunch time the score was 197. McCormack not out, 52, and Grobba, not out, 21.

REACHED CENTURY

After the interval McCormack continued to excel in batting, and just as he had completed a century, he was run out. His inning lasted for one hour and forty-five minutes, and included no less than twenty boundaries. In his innings he played a superb batting of Snyder drew considerable applause from the spectators. His drive to square leg for six was a beauty. Following Snyder's dismissal by a low ball, McCormack came to bat, and with Grobba partnering him, the score rose steadily. The visitors seemed quite at ease in the batting, and they did not hesitate to hit out. At lunch time the score was 197. McCormack not out, 52, and Grobba, not out, 21.

The fielding of the visitors was brilliant.

Grobba and Davey opened the attack when Vancouver took the bat. The former was very effective, securing three for 34. Radcliffe, for Vancouver, gave a nice display of batting, running up 64 before he was caught by McCormack.

The fielding of the visitors was brilliant.

World's Champions Play To-night

Coach Page and his squad of good-looking feminine champions of the basketball world arrived from Seattle at noon to-day and to-night they will play at the High School gymnasium against the pick of the local girls' teams. The Grads are on their way home from Guthrie, Oklahoma, where they defended their title with ease. Later they played in Los Angeles, again winning without trouble.

The Grads are a very colorful group of players who have toured the world and defended their title. They have lost but one game in nearly fifty. The above picture taken on the steps of the Empress Hotel shows the following: Back row, from left to right—Dot Johnson, Connie Smith (captain), Daisy Johnson and Elsie Bennis. Front row—A. John Proctor Wins Feature Match Of Tennis In Seattle

Local Star Too Strong For O'Leary, Tacoma; Clist of Victoria Also Wins

Seattle, July 21.—Seattle's favorites with one exception advanced through the first round of play in both the Pacific Northwest sectional and the Washington State tennis tournaments yesterday on the Seattle Tennis Club's courts. The only casualty suffered by the locals was the loss of Irene Stephens, former city champion, who bowed to Marie McNab, of Vancouver, in three sets after taking the first.

Competition was intense in the sectional tournament on the opening day and the matches were hotly contested. The collapse of the powerful Vancouver entry of Jack Muir and George Dixon in the doubles after five sets before the brilliant sweeping strokes of Dick Stevens and Ted McDonald of Tacoma was hardly expected. The youngsters from Tacoma played well together, while the Vancouver men experienced difficulty in racqueting the high bounding balls.

Proctor, former Victoria and G. O'Leary of Tacoma put on the feature match of the day. Proctor, a versatile player, exhibited some nice overhead work at the net to eliminate the Tacoma entry in the sectional meet. It took twenty-six games in the first set before Proctor was able to gain the advantage, but he was always forcing the game and was never in danger.

Gerald Cunningham of Portland lost to H. Sweet of Portland in four sets, 6-7, 6-2, 6-2, 7-5. A. Clist of Victoria, in the boys' singles, swept through C. Steel, Tacoma champion, 6-0, 6-4.

Opening Games Are Played in Junior Tennis Tournament

The opening matches in the junior clay court championships of Victoria were played at the Kingston Street Lawn Tennis Club. H. R. Robertson and M. Martin provided the feature match which was won by the former after three hard-fought sets. Only one match was decided in the girls' events.

The scores were as follows: Boys—King beat Graham Verley, w.o. Tim Martin beat Ted Slingsby, 6-2, 6-2. Bob Schwengers beat G. K. Verley, w.o. H. R. Robertson beat M. Martin, 6-4, 3-6, 7-5. A. T. H. Pearce beat D. Bird, w.o. S. Jones beat A. D. King, 5-1, 6-2.

Girls—Doreen Swayne beat Phyllis Barber, 4-6, 6-4, 6-2. Joan List beat Helen Campbell, w.o.

Cyril Tolley To Abandon Golf And Take Up Tennis

London, July 21.—The London Morning Post has celebrated golfer Cyril Tolley, former amateur champion, has renounced golf for two years to concentrate upon lawn tennis with the hope of making his tennis as good as his golf and appearing as one of England's champions at Wimbledon.

He already is practicing earnestly and experts say that he shows great promise.

Tolley told The Post that there are scores of difficulties in his way. Among them is his weighted golf for two years to concentrate upon lawn tennis with the hope of making his tennis as good as his golf and appearing as one of England's champions at Wimbledon.

Rithet Cup Will Be Contested For In a Post Series

Baseball Teams to Play For Handsome Trophy; Winner to Hold Cup One Year

Baseball fans will have an opportunity to see some more games this year, according to an announcement made this morning by George Beck, one of the trustees in charge of the Rithet Cup.

Arrangements have been completed whereby a post series will be played for the Rithet Cup. This series will most likely consist of six games. The series is being staged to give the players who are not fortunate enough to be with the championship club a chance for further baseball during the season and also to give the fans more baseball and to keep up interest.

Under the rulings of the British Columbia Amateur Baseball Association the winners of all leagues must be announced before August 1, which forces the local league to curtail its schedule. This causes quite a break until the championship series begin and the winning team has very little opportunity to keep in shape until that time. For these reasons it is thought that a post series will benefit all those interested in the game.

The C.P.R. have won the league again this year and they gain permanent possession of the Peden Cup.

The Rithet Cup, one of the finest cups ever donated for amateur baseball, has remained out of competition for the last couple of years owing to the fact that there have been no outlay teams to compete for it.

A meeting of the executive of the senior amateur ball league will be held to-morrow night in room 600 Belmont Building commencing at 8:30 o'clock. Important business regarding the play-offs and the post series will be discussed and all delegates are requested to attend.

Railroaders Score Easy Victory Over Sons In Slow Game

In a real burlesque ball game the C.P.R. defeated the Sons of Canada at the Royal Athletic Park last night by the score of 14-3. The railroaders played a great ball behind the fine pitching by Forbes and had no trouble in sending the Natives down to defeat. A large crowd witnessed the game.

Forbes was in great form, allowing only two scattered hits, while he struck out twelve men. He was inclined to be a little wild, but the pitching by Forbes and had no trouble in sending the Natives down to defeat. A large crowd witnessed the game.

McIntyre, who started for the Sons, pitched good ball until his team mates let him down and he was chased to the showers in the seventh. Curtis finished the inning.

The railroaders opened the scoring in the first inning, when Roy Copas secured a free passage to first, was sacrificed to the catcher and scored on Minnie's single.

In the second the C.P.R. scored two more on a single and an error.

Forbes gave the fans a thrill in the fourth inning, when, with Richdale on second, he lifted one of McIntyre's fast ones over the right field fence. Another run was added to the C.P.R.'s total in the sixth on a walk and a couple of errors.

Everybody looked for the Sons to tie up the score in the fifth, but the best they could do was to cross the plate for three runs. With two men on bases, Dunn scratched a hit through second base, the two runners scoring while Dunn advanced to third. Murty scored on a wild throw.

A regular merry-go-round was seen in the seventh frame when the C.P.R. scored eight runs. The first two men to bat were struck out on the first six balls and the third batter popped an easy one to Jack Curtis, who let it drop after having it in his hands. Then the fun started and before the third man had been retired eight runners had crossed the rubber. The game was called at the end of this inning.

The final game of the league will be played to-morrow night at the Commercial Travelers will meet the Eagles.

Brooklyn's Pitching Ace Hits Homerun and Singles to Tie Score

St. Louis Cardinals His Victims; Coveleskie Wins His Twelfth Game

New York, July 21.—Spectacles are needed to determine the margin between the leading teams in the American and National Leagues to-day and spectacles alone might have solved the mysteries of "Dazzy Vance's remarkable pitching exhibition in Brooklyn yesterday. The Brooklyn fast-baller, blinded the St. Louis bat experts, striking out seventeen of them in a ten inning, four-to-three conquest. It made 137 strikeouts for the season for Vance and gave him a better game mark than he had previously attained.

Jimmy Ring outpitched Lee Meadows in Philadelphia and set back the Pirates a full game. Meanwhile, the Giants won from Cincinnati 6-5, by a drive after two were out in the ninth and they advanced to within a few points of the leading Pittsburghs, Ring's victory being 6-3.

Fourteen hits and seven runs in Cleveland and won 9-1. It was his twelfth victory of the season.

Rube Walberg accounted for Philadelphia's eight to three victory in St. Louis, allowing only six hits and getting only six hits in ten innings. He pitched a brilliant game and won 9-1. It was his twelfth victory of the season.

Washington and Philadelphia continued their struggle for the top of the American League. Stanley Coveleskie pitched a brilliant game and won 9-1. It was his twelfth victory of the season.

Alberta All Out For 114 While B.C. Put on 226 For Seven Wickets

Manitoba Defeats Saskatchewan With Three Wickets in Hand at Regina

Regina, Sask., July 21.—With teams from the four Western provinces engaged, the Western Canada Cricket tournament got off to a good start yesterday. In both games a definite conclusion was reached, Saskatchewan losing to Manitoba by three wickets and British Columbia defeating Alberta by the big margin of 112 runs.

While credit must be given Manitoba for their victory over Saskatchewan, there is little excuse for the poor showing made by the home team. Though there was nothing wrong with the wicket the Saskatchewan batting went to pieces in lamentable fashion, the whole side being dismissed for 101 runs, which took over two-and-a-half hours to make. Even at that there was a good chance of victory at one time, several Manitoba wickets falling cheaply, but missed catches told their usual tale, and eventually the Saskatchewan total was passed with four Manitoba wickets yet to fall.

Schaumloffel carried off the bowling honors against Alberta, last year's champion province. Batting first, the Westerners started right in to score at a fast rate, and they kept up the good bowled tirelessly, and his twenty-eighth over was better than his first.

British Columbia demonstrated the strength of their team in no uncertain fashion against Alberta, last year's champion province. WINNIPEG GRAIN

Winnipeg, July 21—As a climax to a weak unsteady market, prices slumped suddenly during the last half hour of trading here to-day. October delivery closed 4 1/2 cents down at 135 1/2.

The upturns proved difficult to hold and throughout the session there was uneasiness which found an outlet in the belated break.

Exporters were sidetracking the market, cables indicating that buyers were waiting for a price readjustment to more favorable levels.

Winnipeg, Man., July 21 (By R. P. Clark & Co. Ltd.)—Wheat: The market was weak all day opening from 1 to 2 lower reaction 1 1/2 on short covering...

Winnipeg, July 21 (By B.C. Bond Corporation's direct pit wire)—The wheat market was a dull narrow affair during most of the session. On the early break there was some buying on account of a decline of about 5 cents from Friday morning...

CANADA'S AGENCY IN U.S. DISCUSSED

London, July 21.—A member suggested in the House of Commons yesterday that in view of the fact that there was now a representative of the Canadian Department of Ex-

ternal Affairs at Washington, the British Foreign Secretary might consider the question of attaching him officially to the staff of the British Ambassador there, so he would receive diplomatic status and would be granted full diplomatic privileges, just as if he were a member of the British Foreign Office.

Austen Chamberlain, Foreign Secretary, said no proposal of this sort had come from the Canadian Government and it was not for His Majesty's Government to take the initiative in the matter.

M. M. MAHONEY THERE

Ottawa, July 21.—In view of the pending appointment of a Canadian Minister Plenipotentiary at Washington it is probable that the representative of the Department of External Affairs will be attached to the staff of the British Ambassador.

The Canadian representative in Washington is M. M. Mahoney, who has been acting as agent of the Canadian Government since the time of the Borden administration. During the years which have elapsed since he took that position, it is understood the question of attaching Mr. Mahoney to the staff of the British Ambassador has been considered. Nothing has been done, however, presumably because successive governments considered it desirable Canada should be represented in Washington by a minister.

There is as yet no information with regard to the choice of the Government for the post of Canadian Minister at Washington.

POLICE CONVENTION COMPLETES BUSY DAY IN OPENING SESSIONS

Excellent Addresses Mark Opening Day of Northwest Anti-crime Conference; Revision of Police Methods to Keep Pace With the Criminal is Urged.

Excellent addresses featured the afternoon and evening sessions yesterday of the Northwest Association of Sheriffs and Police in convention. Judge J. Campbell, of the circuit courts of Portland, Oregon, was warmly received at the close of one of the outstanding addresses of the day.

"In order to get rid of crime we must begin with the present generation," said Judge Campbell. "Idleness is the real cause of ninety-five per cent of the crimes committed in any country. The preacher stands up in the pulpit and tells us about the Sabbath, but he forgets to add that 'Six days shalt thou labor,'" continued His Honor.

TAKE PROFIT OUT

"The man who works six days a week is not often a criminal, you will find. The greatest percentages of crimes are commercial ventures. If we could take the profit out of crime we would do a great deal towards eliminating wrongdoing in all its forms.

"As I see it the majority of those who come into court for offences are young people who want something for nothing. They are young and inexperienced in anything save in making a living easily. If they could be put to work they might again become good citizens.

"Our system of penalizing crime today is at least 150 years behind the times. The criminal employs speed boats, aeroplanes and motor cars, and we have got to keep up with him. We get an enlightened public opinion who are enforcing the law will find our jails always filled to overflowing.

"The parole system as now carried out is largely a farce. I believe every judge should take a course in criminal psychology. Some men are born criminals, others achieve criminality and a few have it thrust upon them. Much may be done for the last two classes if they are treated intelligently. To-day we put a young man in jail for five or six months—and he comes out a complete criminal.

"Gentlemen you are performing a real service for the communities in which you live—and you are just as important a part of any court as Judge Campbell," concluded Judge Campbell.

COLLEGES IN CRIME

"When a man commits a crime today we imprison him in idleness. I say it is a disgrace to civilization to put a law-abiding man in jail and maintain them there in sloth. Until our penitentiaries harbor men who are put to some useful work they will be nothing more than post-graduate colleges in crime.

THEFT BUREAU

Inspector Nyles of the Theft Bureau, San Francisco, gave a paper of particular interest to police officers, advocating the standardization of all criminal records with ready access to files kept by neighboring places. In this manner, he said, a great volume of undetected crime would be easily traced.

Illustrating his point he told of "Inch-and-a-Quarter Jimmy," the instrument used by a man who had committed 177 burglaries in San Francisco in a district where no less than 150 policemen had been on patrol. When caught after a running fight, the burglar was definitely connected with 177 burglaries by means of the standard bureau methods. Every city should have a theft bureau, and all records so kept should be uniform, concluded Inspector Nyles.

Harry Lidwell, past president of the International Association of Identification, read an interesting paper on finger print records, also urging uniformity in the compilation and filing of such reports. A uniform system of filing and exchange would lead to a great advance in the usefulness of the system, he predicted.

W. L. La Follette, attorney of Colfax, Wash., in a brief talk stressed the necessity for a greater degree of home control of growing children. Many of the false starts in life were caused by the apathy of parents in permitting their lot of fifteen years to go out joy-riding with acquaintances unknown in their homes. A. D. Erickson, Idaho delegate, and others spoke briefly on various phases of law enforcement.

MENTAL DEFECTIVES

One of the most interesting papers of the afternoon session was given by Dr. J. W. McIntosh of Burnaby. From five to fifty per cent of jail populations in various lands were mentally deficient. Feeble-mindedness in children led to criminality in adult years. The feeble-minded were permitted to propagate their kind, and went through life without much being done for them by way of ameliorating their lot.

Segregation and special treatment he advocated as a means of reducing this great contribution to crime totals to-day. Farm colonies could be instituted at little cost where mild cases could be rectified and permanent patients rendered impotent to pass on their disability to other generations.

Dr. McIntosh supported an address by a substantial block of figures, taken from British, American and other mental hospitals and penal institutions. Special treatment, training and after care, he said, would do

MUCH TO REMEDY THE DISTRESSING SITUATION TOO PREVALENT TO-DAY.

SUGGEST COMMISSIONS

The creation of national commissions to study the growing tide of disrespect for the law and to take measures to cope with it, and the modernization of all law enforcement machinery was suggested by President Luke S. May in a well pointed address.

Prohibition, he said in passing had done much to undermine respect for the law; while it built up private fortunes on the one hand its breaches were a poor example to the youth of the nation. He urged that the law be made more readily to be picked up the failings of his parents, and go them one better, or worse.

"If through our efforts such a commission should be called into being then this conference will prove itself of incalculable worth to the well being of the people on both sides of the international boundary line," concluded Mr. May.

"International Criminals," a paper by Lieut.-Col. W. C. Bryan, Commissioner of Alberta Provincial Police, drew marked attention. A greater understanding of extradition laws should be the aim of police associations, it advocated.

International criminals operated equally on both sides of the line, and indeed in a larger sense, around the world. Their operations were well financed and difficult to stop, but a closer watch on known men would bring better results, it was suggested.

The boundary line between Canada and the United States should not be a line of demarcation in police cooperation, but rather an evidence of the ability of all law officers to work together for the common good, he concluded.

Capt. W. H. Searing, chairman of the committee on crime prevention, received a great ovation when rising to speak. His report was a long one, but was listened to with great attention throughout. One passage in the report typifies the excellent address made by this officer:

"Whatever a man soweth, that shall he also reap. Just so long as we continue to criminalize, fraternize with him and hold him in good fellowship, as we are now doing, we cannot in good conscience call upon our sons and daughters to shun him and his ways. Good citizens, upright, rightness and an attitude of sincerity and respect toward the law and its agents are the tonics that build up a healthy community life, relatively free from the virus of crime."

Lonely Traveler of Five Returns To Port Angeles

Buckley Mitchell Wilson Goes Back to American City With Olympic Officers

Little Buckley Mitchell Wilson, five-year-old traveler and stowaway, returned to Port Angeles, Wash., in a brief talk stressed the necessity for a greater degree of home control of growing children. Many of the false starts in life were caused by the apathy of parents in permitting their lot of fifteen years to go out joy-riding with acquaintances unknown in their homes. A. D. Erickson, Idaho delegate, and others spoke briefly on various phases of law enforcement.

Buckley, however, has been sent back to-day. Farm colonies could be instituted at little cost where mild cases could be rectified and permanent patients rendered impotent to pass on their disability to other generations.

MOVIE IS MADE AT WAINWRIGHT, ALTA.

Wainwright, Alta., July 21.—Wainwright has again come into its own as a place of the nobility of the nation's variety, with high-heeled boots, ten-gallon hats, scarves and everything since the arrival of Hoot Gibson and his company to complete the filming of a Western drama here and Wainwright Junior looks on with wide eyes, and points out to all just who is who and why in the movie world. The Gibson company filmed parts of the Calgary Stampede and moved up here to make further shots which require the inclusion of a buffalo herd.
